**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I was a DSL user, but now I have fiber into my home and have fast speed because there is competition. The pricing is much lower than AT&T or Comcast and the speed is much faster. I was paying almost \$90 per month for 6 megabits/sec and telephone. Now, I have 1 Gigabit/sec with telephone service for about 70\$ a month. Broadband competition is better for the consumer. Moreover, if you allow competition, you get innovation. Our country's greatness is based on innovation and competition.
